meals or as directed by your
healthcare professional

Cut Cravings & Lose Weight

Resolution Drops are designed for those who want to lose weight quickly and safely, without having to sacrifice their daily routine. Our formula helps reduce food cravings, and relieves nausea, bloating, gas, and indigestion. Also reduces the likelihood of return weight gain. *

Our formula comes with a recommended diet of three balanced meals a day. This healthy diet consists mostly of proteins and vegetables, limits fruit serving sizes and excludes foods in the starch category. When used together with our suggested 1200 calorie-per-day diet, this formula supports speedy weight loss. *

Active Ingredients:

Ammonium Bromatum

Ammonium Bromatum is a homeopathic remedy for chronic obesity and those who suffer from chronic laryngeal and pharyngeal catarrh and neuralgic headaches.

Avena Sativa

Avena Sativa is derived from the common oat plant and has been used for medical purposes since the Middle Ages to ensure a vital nervous system. It also acts as a mild sedative during nervous exhaustion and calms down those with performance anxiety. As a homeopathic treatment, Avena Sativa extract and tincture are used as tonics for the nervous system. It directly influences brain and nutritive function of the organism, increasing nerve force and improving the nutrition of the entire system. In addition, it has been established that Avena is also an excellent substance that facilitates the detoxification of the body and increases energy levels.

Calcarea Carbonica

Calcarea Carbonica is a natural mineral derived from oyster shells and carbonate of lime. This substance may help in the control of food cravings and calm the mind. These benefits are helpful to individuals who are seeking to lose weight and have a diet that is less than optimal in nutrition.

Fucus Vesiculosus

Fucus Vesiculosus is a powerful, homeopathic remedy for obesity and non-toxic goiter. This substance contains a high concentration of iodine which is essential for the synthesis of thyroid hormones.

Graphites

Graphites have been used in recent years as a popular option for those who suffer from metabolic imbalances. This substance is also popular with individuals who experience hunger pangs during a diet, as well as by women who are struggling with their weight during menopause. Graphites may help improve and maintain overall metabolism, especially in older women.

Ignatia Amara

Ignatia Amara is made from a tree native to the Philippines. The use of this substance is often suggested by homeopaths in circumstances where people struggle with anxiety or nervousness while on a diet.

Lycopodium Clavatum

Lycopodium Clavatum is made from an extract of clubmoss. The use of this substance is suggested by homeopaths in circumstances where people have constant cravings for sweets and salty foods. It is also believed to produce the best results for individuals who have food cravings that occur or worsen when they become anxious.

Sulfuricum Acidum

Sulfuricum Acidum is a remedy indicated for people who tend to rush through their meal and even though they've had too much to eat they keep on eating. Those who benefit from Sulfuricum Acidum also love sweets. The homeopathic acids are also good for depression; and for deep pain and physical injury, like after surgery.

Thyroidinum

Thyroidinum is derived from the thyroid glands of animals. This substance assists in the metabolism of carbohydrates, proteins, and fats, through its influence over the organs of nutrition and growth. Thyroidinum is intended to relieve metabolic disorders and sugar cravings.

Best Used With:

Life Drops

help metabolize fats, carbohydrates, and amino acids preventing unwanted fatigue.*
